

视频演示仪
JulongTOR2000[®]

JL-A22DFP

Easy manipulation, wonderful demonstration.....

Features

- ▶ LED lighting providing even brightness
- ▶ Digital image processing chip providing clearer image
- ▶ Pneumatic folding arms providing more portability
- ▶ Ultra-thin fashionable workbench

■ Specifications:

Normal Working Mode

Working Mode with Supplementary Lighting

State of Fold

State of Packing

Optic System	
Lens	F=1.6~2.4mm, f=3.9~63.0mm
Effective Pixels	VGA 0.8 mega pixel (video 480 Thousand)
Shooting area	330*250mm Max
Zoom	16 multiple optical, 2 multiple electronic
Aperture	Auto
Camera	
Image Sensor	1/4" CCD, PAL signal system
Lighting	1LUX
White Balance	28000K—80000K Auto/Manual
Video output level	1.0Vp-p 75Ω Composite
Horizontal resolution	520TVline
S/N Ratio	48db (brightness>1000Lux)
Positive/Negative film	Yes
Backlight	Auto/Manual
Color Adjustment	Built-in
Special Features	Image Freeze, 2 images storage
Input Interface	
VGA	1 set resolution (1024*768)
Output Interface	
VGA	2 sets
Video	1 sets
S-Video	1 sets
USB	2.0 interface
Power Consumption	110V~240V (±10%) 50~60Hz 36W
Remote control	Infrared transmission
Lighting	Main light 7W*1 Supplementary light 7W*1 Bottom light 3W*1 (cathode lamp)
Dimensions	400*312*120mm (folded)
Weight	4.5Kg
